

KEEP IN MIND THAT ALL PETS BOARD MUCH BETTER WHEN THEY MAINTAIN AS NEAR NORMAL ROUTINE AS POSSIBLE.

### HOW WE MAY BE DIFFERENT

- We are Owner-Managed. All Kreature's is a family commitment. Your pet will receive the same attention that we would expect if boarding our pets.
- Our rates are the same every day of the year. You will never pay a premium price for Holidays and Weekends.
- We do not charge for the administration of oral medications. We will only charge for the administration of injections and fluids as prescribed by your Veterinarian.
- All activities are individualized with your pet. We feel strongly that it is not responsible to allow pets from different families to play together.

## WELCOME TO

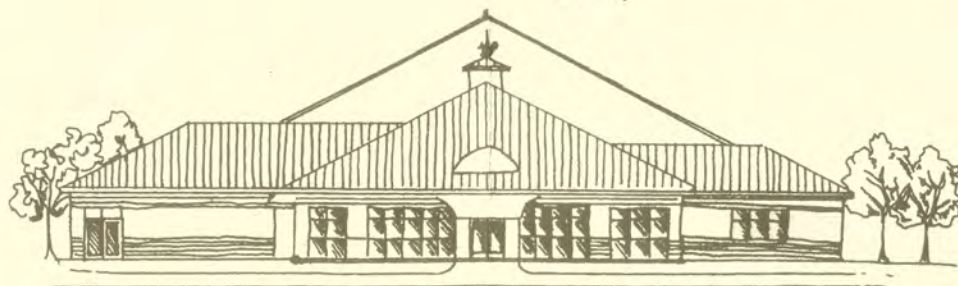

# ALL KREATURES

**A**ll Kreatures represents the very best in pet care. Our concerns are safety, cleanliness and specialized attention.

During your pet's stay with us, we promise to give the same love and care we give our own pets. The more you know about our business, the better we can care for your special friend. Please feel free to ask any questions you may have concerning the care of your pet.

Visit us at [www.allkreatures.com](http://www.allkreatures.com)

## RESERVATIONS

Although reservations are not always required, we do recommend that you plan ahead. Remember, we are always very busy during the summer, holidays and football weekends.

## CHECK-IN

During check-in we will familiarize ourselves with your pet. We want to know about your pet's diet, medications, daily habits and any existing conditions that may require special attention.

## VACCINATIONS

To ensure the health and well-being of all our guests and staff, we require proof that the following are current (last twelve months).

Dogs: Rabies, Canine Combination Booster, and Bordetella

Cats: Rabies, Feline Combination Booster, FeLV (or negative blood test)

## IN CASE OF ILLNESS

In the unlikely event that your pet becomes ill while with us, we will seek prompt medical care by your veterinarian if it is feasible. In case of serious illness, we will make every attempt to notify you as quickly as possible.

## MEDICATIONS

Any medications your pet is taking will be continued at All Kreatures, according to your directions. All medications must be provided at time of check-in with an adequate amount to last through the stay.

## FEEDING

We feed high quality pet foods to all of our guests. If your pet is on a special or prescription diet we will not want to change their feeding regime. With plenty of attention and a quality menu, you should not have to worry about your pet not eating while with us.

## EXERCISE

With our modern climate controlled indoor kennels, all dog guests have ample room to exercise all day long.

Our feline friends will enjoy the comfortable surroundings of our large cabins and the kat cottages.

You may want to consider other options for more special one-on-one attention.

## LODGING

We introduced the modern concept of indoor dog boarding to East Tennessee in 1995. Older dogs and those who stay indoors will appreciate complete climate control. The added security will give you peace of mind while you are away from your pet. Cats will be lodged in a separate area with special ventilation and air cleaning systems designed for health and comfort. Feline friends will enjoy the sunny and comfortable surroundings designed just for them.

## THE KOTTAGES

The Kottages at All Kreatures represent the finest and most luxurious pet boarding imaginable. The Kottages are "all inclusive" private suites complete with specially designed furniture and color televisions. Occupancy is limited to small pets under 30 pounds and older, less active pets.

## GROOMING

A full-service grooming shop is part of All Kreatures Pet Care. You may have your pet bathed or trimmed while you are on vacation. Service is available for non-boarders as well. Call for an appointment.
